About the Centre

K-tech Centre of Excellence in IoT

Established in 2016, K-tech Centre of Excellence in IoT is a joint initiative of KITS, Karnataka State Government, MeitY (Ministry of Electronics & Information Technology), Govt. of India and Industry with the idea to build a platform for the development of the deep-tech industry, enabling inclusion and adoption of the emerging technologies in the society.

The main objective is to help IoT and other emerging tech startups leverage cutting edge technologies to build market ready product. The IoT Startups Program, aims to build industry capable talent in an entrepreneurial ecosystem by providing Incubation, Funding, Acceleration, Industry Connect and Mentoring.

About the Facility

- 9,000 sft air-conditioned (2,500 sft ESD-Floor and Table tops protected,)
- Lab Test and Measurement Equipment - https://www.coe-iot.com/innovate-iot-lab-india/
- High speed Wi-Fi

Common Facility

- Meeting Rooms – 3 nos on 3rd floor and 6 common on Ground Floor
- Board Rooms -1 (16 seater)
- 150 seat seminar hall
- Cafeteria on Terrece

Address / Location of the Facility

KEONICS, 3rd Floor, #29/A (E), 27th Main, 7th Cross Rd, 1st Sector,
HSR Layout, Bengaluru, Karnataka 560102

https://g.co/kgs/tMMLRg

Sectors /Technologies Supported

IIOT, HealthTech, Agritech, AI, AR/VR, Automotive, CleanTech, Computer vision, Drones, EV, Logistics, Robotics, Smart Buildings, Smart Cities, Smart Kitchen, SmartPhones, SpaceTech and SportsTech

Support provided for Startups

- Market Access and Co-create opportunities with Enterprise Partners as well as Central & State government entities.
- Access to CoE Innovation Lab equipped with Testing & Measurement equipment as well as High Performance Computing resources (as per availability)
